INTRODUCTION

Welcome to the Fiscal Year 2004-2005 edition of the HHSDC Training Center Course Catalog.

The HHSDC Training Center is in its 18th year of providing high-quality, low-cost information technology training services to our government customers. This year we are pleased to offer you the same quality of excellent information technology training courses as in previous years.

Once again we bring you these courses without a tuition increase. We are proud of our ability to offer high-quality IT training while holding the line on cost.

This catalog contains course titles, course dates, and tuition. For complete course descriptions, please access our web site at www.training.ca.gov and open the on-line Training Schedule. There you can click on a course title to view the course content.

The HHSDC Training Center staff is here to help you. Please feel free to contact us at any time.

We look forward to seeing you at the Training Center this year.

Regards,

The HHSDC Training Center Team

HHSDC Training Center Information

Who We Are

The HHSDC Training Center is a State of California agency providing information technology training services to public sector employees.

Since the mid-1980's, the HHSDC Training Center has consistently provided excellent technical training to state, local, and federal government agencies. Our customers rely on us to provide a comprehensive training curriculum on various information technology subjects.

Mission Statement

The HHSDC Training Center promotes the long-term success of HHSDC and its partners by providing excellent, low-cost information technology training in mainframe, networking, web development, PC applications and support and other high-end technical and related topics to our customers. We are dedicated to exceeding our customers' expectations by soliciting and acting immediately on open and honest feedback to improve continuously our processes and services.

Registration Information

To enroll in a class at HHSDC, please have your training coordinator call the HHSDC Training Center Registration Line at **(916) 739-7502** or **toll free (866) 510-0867**. We will take all enrollment and billing information over the phone, then send the training coordinator written confirmation and a map to HHSDC for each student.

Cancellation Policy

Cancellations of enrolled students must be submitted in writing via e-mail to training@hhsdc.ca.gov by the training coordinator. To avoid late charges, the note must be received by **TEN (10) WORKING DAYS PRIOR TO THE FIRST DAY OF CLASS**. The full course fee will be charged for any cancellations and reschedules received after the 10-working day deadline. HHSDC will reply with a written acknowledgment. Verbal cancellation notifications will not be accepted. Substitutions may be made at any time via telephone call.

Be sure to include in your cancellation note the following information:

- *Name of student you wish to cancel*
- *Class title and date in which the student is enrolled*

Location and Parking

Check out our map on the last page. The HHSDC Training Center is located at 9323 Tech Center Drive, Suite 100, in Sacramento. Tech Center Drive is located one block south of the intersection of Folsom Blvd. and Mayhew Road, between Bradshaw and Watt.

Plenty of free parking is available.

Light Rail Information and Tickets

Light Rail access is a few convenient steps from the Training Center. Take Light Rail to the Tiber Station, disembark, and take the short walkway on the south side of the station into the parking lot behind the Training Center. We are located in the building just to your right. Walk around to the front door and come on in!

NEED A RIDE? *We have complimentary light rail tickets available for your convenience.*

If you need tickets to ride Light Rail for any day you are attending a class at the HHSDC Training Center, please call us at (916) 739-7502.

You must call no later than 5 working days before your class to order the tickets.

Satisfaction Guaranteed

All training at the HHSDC Training Center is unconditionally guaranteed or your money back. If you are dissatisfied with the training you received at HHSDC, please come by the HHSDC Training Office or call us at (916) 739-7502.

Class Start and End Times

All classes begin at 8:15 AM and most end approximately at 4:00 PM.

Classes taught by Innovative Solutions, Inc. (most of the Microsoft and all HTML courses) end approximately at 3:30 PM.

When Coming to Class

Dress is casual when attending training. Temperatures may vary widely within each classroom. We suggest dressing in layers to accommodate the temperature fluctuations.

On-site Breakroom, Telephones, E-mail Access

The HHSDC Training Center has a large breakroom with microwave ovens, and refrigerators available for students to use. Fresh-brewed coffee, tea, hot chocolate, bottled water, vending snacks and drinks, and ice cream are available.

Additionally, many restaurants are located within a short driving distance along Folsom Blvd. and other nearby streets.

We have telephones available in the lobby for your use. You can make local calls on these phones at no charge, or you are welcome to use a calling card for long distance calls.

PCs are set up in the lobby to allow you to check your e-mail if you have web-based e-mail access.

Discounts available

Discounted prices for dedicated class sessions are available for most courses. Please call us at (916) 739-7502 for details.

Mailing List

To add YOUR NAME to our mailing list and receive all of our flyers and catalogs in the mail, please call us at (916) 739-7502 or Toll Free (866) 510-0867, or e-mail us at training@hhsdc.ca.gov, with the following information:

- Your name
- Your organization's name (County, State department, etc.)
- Mailing address
- Phone number
- Fax number
- E-mail address

To delete YOUR NAME from our mailing list:

- Call us or e-mail us at the above number or e-mail address
- Provide us with your name and organization as shown on a current mailing label
- Please allow 4-6 weeks for the mailings to stop.

LearningPASS Program

Learning Personal Advantage Software Skills

- ***Quality IT Training***
- ***No Contracts***
- ***No Bidding***
- ***Easy to Use***
- ***Discount Pricing***
- ***Toll Free Order Line***
- ***Satisfaction Guaranteed***

How it Works:

Training Where You Want It

- At any **Contractor** training facility
- At your facility—on-site Dedicated Class

At Discount Prices

- All LearningPASS training is discounted to save you money
- LearningPASSes apply to standard PC application or advanced technical training
- LearningPASSes can be combined for multiple days or more expensive classes
- Additional discounts for dedicated classes

Easy To Purchase

- No contracts
- Call toll free @ 1-888-895-7337 to purchase LearningPASSes from the HHSDC Training Center
- The HHSDC Training Center will invoice your organization, and hold the funds to pay the vendor only after training services have been delivered

Easy To Use

Registration is a simple 1,2,3-step process:

1. Contact the HHSDC Training Center to request a LearningPASS purchase
2. Receive your Account Number to be used for all LearningPASS purchases
3. Contact the vendor to register for a class

LearningPASS delivers Information Technology Training where you want it throughout the State of California or through self-study web-based training. Through HHSDC's contract tremendous cost savings are passed along to the customer. To locate the facility closest to you or to find out more about LearningPASS, simply access the LearningPASS website at:

www.learningpass.ca.gov

or call us toll free at:

1-888-895-7337

Program Benefits

- Satisfaction Guaranteed
- Tremendous discounts
- High Quality Training
- Hands-on Instruction
- State of California administered contract

Available Classes include:

Word Processing

Databases

Internet

Graphics & Publishing

Spreadsheets & Financials

IT Security

Technical certification

Integrated & Business Applications

Instructor-led or e-learning

Classes for beginner, intermediate or advanced students

Certificate Programs at the HHSDC Training Center

The HHSDC Training Center offers a number of technical certificate programs. These programs are taught by training contractors who are selected for their high quality of instruction, technical expertise in the subject matter, and their success in providing comprehensive training classes.

WHY EARN A HHSDC CERTIFICATE?

- You will complete a rigorous, in-depth program of technical training in the chosen subject matter.
- You will be taught by some of the best professionals in the business.
- Your course of study has been customized to the State of California's needs.
- All technical information reflects the latest in the subject matter.
- These certificate programs are not available anywhere else.

As of July 1, 2004 the HHSDC Training Center offers the following certificate programs:

- **Information Technology Project Management**
- **Information Architect**
- **PC Support**
- **SAS Software**
- **NATURAL MVS Applications**
- **z/OS Enterprise Developer**
- **DB2 for z/OS Enterprise Developer**

Information Technology Project Management Certificate Program

The program consists of nine modules covering the essential skills and knowledge needed to manage successfully information technology projects in the State of California. This program is designed for managers and analysts who will be participating in IT projects as project managers or leads. The schedule for the FY 2004/2005 program follows:

<i>IT Project Management Certificate Program Overview</i>	April 4, 2005
<i>Implementing Strategic Plans</i>	April 5-6, 2005
<i>Effective Presentations</i>	April 13-14, 2005
<i>Meeting Management and Group Facilitation</i>	April 28-29, 2005
<i>Conducting a Feasibility Study</i>	May 5-6, 2005
<i>Working with Strategic Business Partners</i>	May 26-27, 2005
<i>Microsoft Project 2000 Advanced</i>	June 6, 2005
<i>Project Initiation and Planning</i>	June 13-15, 2005
<i>Project Performance Assessment and Closure</i>	June 27-28, 2005

Information Architect Certificate Program

This program consists of a core program of six classes, plus electives. These classes will teach you to understand the core competencies of your business, and to model and test business requirements using a structured approach. You may earn the following certificate levels by completing the program requirements as listed below:

Information ArchitectAll core classes
Information Architect ExpertAll core classes plus **two** electives
Information Architect MasterAll core classes plus **four** electives

NOTE: Beginning in FY 03/04, **Effective Business Requirements** (now titled **Discovering Essential Business Requirements**) has been changed from an elective to a core class. Consequently, the number of electives needed for each certificate level has been reduced by one class. Anyone who began the program prior to FY 03/04 may choose to earn their certificate using either the new FY 03/04 program requirements, or the requirements in place when they began the program.

Core classes:

- **Modeling Essential Business Processes** (formerly *Introduction to Structured Analysis*)
- **Discovering Essential Business Requirements** (formerly *Effective Business Requirements*)
- **Modeling Essential Business Data** (formerly *Data Modeling Essentials*)
- **Designing Optimum Business Systems** (formerly *Introduction to Structured Design*)
- **Building an Effective Testing Environment** (formerly *Structured Testing Fundamentals*)
- **Tailoring the SDLC Process to Your Organization** (formerly *Maturing Your SDLC Process*)

Electives:

- **Streamlining the SDLC Process** (formerly *Structured Analysis – Advanced Concepts*)
- **Modeling in an Object-Oriented Environment** (formerly *Analysis & Design in an Object-Oriented Environment*)
- **Designing Distributed Databases** (formerly *Database Technology for the New Millennium*)
- **Utilizing Distributed Architectures** (formerly *Client/Server – A Technical Overview*)

PC Support Certificate Program

This program consists of three intensive, hands-on training courses that will provide you with in-depth knowledge, skills, and tools to perform hardware and software PC support in your workplace. The classes are:

- **PC Support and Troubleshooting – Level 1** (formerly *The PC Coordinator Survival Course*)
- **PC Support and Troubleshooting – Level 2** (formerly *Hands-On PC Troubleshooting and Repair*)
- **PC Support and Troubleshooting – Level 3** (formerly *Data Recovery Techniques and Disk Drive Troubleshooting*)

SAS Software Certificate Program

This program consists of three tracks designed for individuals who desire a complete grounding in SAS software to perform a variety of analytical and reporting activities:

SAS/AnalystAll core classes
SAS/ExpertAll core classes **plus** any two Expert classes
SAS/MasterAll core classes **plus** any two Expert **AND** any two Master classes

SAS/Analyst Certificate (Core classes)

This track is designed to help attendees gain a complete understanding of how SAS software works and is used. Attendees will learn how to perform ad hoc analysis and reporting in standard data environments typically found within most Analyst/Researcher/Programmer positions.

- ***SAS Programming I: Fundamentals of the SAS System***
- ***SAS Programming II: Data Manipulation Using the Data Step***
- ***SAS Programming III: Advanced Techniques***
- ***SAS Report Writing: A Programming Approach***

SAS/Expert Certificate

This track is designed for individuals who wish to gain an understanding of how SAS is used to publish information and reports in different forms, including the web, PDF, Word and other environments. Large data file access is typical within the State. This track also discusses the use of SAS/SQL and the efficiencies available for processing table lookups, merges and joins against large data sources.

- ***SAS: Output Delivery System (ODS) Basics***
- ***SQL Processing in SAS Software***
- ***SAS Programming IV: Efficiencies, Tips and Tricks***

SAS/Master Certificate

This track discusses how SAS uses a multi-threading and multi-processor environment to more efficiently process data. Macros are discussed to show how program processes can be automated, simplified and placed into production style environments for standard reporting. Database and spreadsheet access that is typical in most environments will be covered. Efficient processing in a client server environment that uses SAS under Windows, Unix and MVS will be taught to show students how to best implement a distributed processing and data environment.

- ***Accessing Relational Databases and Spreadsheets Using SAS Software***
- ***Client Server Processing with SAS/Connect Software***
- ***Macros in SAS Software***

NATURAL MVS Applications Certificate Program (2 levels)

This program consists of four core classes that will teach your programmers to become skilled NATURAL application programming, and two additional courses that will prepare them for becoming NATURAL application developers. The classes in the series include:

NATURAL MVS Application Programmer Certificate – all of the following core classes:

- ***NATURAL Programming Fundamentals***
- ***NATURAL Intermediate Programming***
- ***NATURAL Advanced Programming Techniques***
- ***Inside ADABAS***

NATURAL MVS Application Developer Certificate - all core classes plus both of the following courses:

- ***Introduction to PREDICT***
- ***NATURAL Construct Applications Workshop***

z/OS Enterprise Developer Certificate Program (REVISED)

This program consists of 4 core classes, and 4 optional courses, that will teach your novice programmers to become skilled technical developers in the z/OS environment and to understand the specifics of coding, tuning and maintaining high-quality COBOL-based z/OS computer applications. The program will teach a non-technical employee how to become a developer of enterprise-level computer systems and how to optimize those systems to run in a z/OS environment.

A special certificate will be awarded upon completion of the core classes, and for each optional path completed. The classes in the series include:

Core classes:

- ***Introduction to z/OS***
- ***Getting Started with z/OS TSO/ISPF***
- ***Getting Started with z/OS JCL & Utilities***
- ***COBOL Programming – 1 of the following:***
 - ❑ ***Basic COBOL Programming (5 days)*** – for students with experience coding in another mainframe programming language such as Assembler, PL/1, Fortran, REXX
 - ❑ ***Basic COBOL Programming for New Programmers (10 days)*** – for those with no prior programming experience
 - ❑ ***Getting Started with COBOL 390/LE (2 days)*** – for experienced COBOL programmers

Batch path:

- ***z/OS Application Dump Reading***
- ***Basic VSAM Programming***

CICS path:

- ***Introduction to CICS***
- ***Basic CICS Command Level COBOL Programming***

DB2 for z/OS Enterprise Developer Certificate Program (REVISED)

This program consists of four core classes that will provide you with the skills you need to develop and maintain efficient enterprise-wide applications in the DB2 environment. The classes in the series include:

- ***Introduction to DB2 Concepts***
- ***DB2 Programming (Beginning)***
- ***DB2 Programming (Intermediate)***
- ***DB2/SQL Advanced Concepts***

How to Earn a Certificate

Enroll in and complete all courses listed for the program of your choice. The courses in each program are offered at various dates throughout the year. Simply choose the individual course dates most convenient to you. It is strongly recommended that you attend the courses in the order listed.

To obtain your program certificate, while you are on-site attending the final course in your program notify the HHSDC Training Office that you are about to complete the program. A special certificate will be prepared and awarded to you upon completion of the final class.

These programs are retroactive for any past attendance. If you have attended any of these courses in the past they will count towards earning the certificate.

Most courses may also be taken as stand-alone classes. Some prerequisites apply. The Information Technology Project Management program modules are not available for stand-alone enrollment.

For more detailed information on any particular course, please contact the HHSDC Training Center for a detailed flyer or check out our web site and access Certificate Programs.

Tuition Discounts

Your organization will be charged the standard tuition as you complete each course. However, completion of any of the above certificate programs within the following time periods entitles you to a 10% discount off the total standard tuition. The total discount for all classes in your program will be applied in the final class. The discounts are available to those who began the programs after the dates shown. The **Information Technology Project Management Certificate Program** is not eligible for a discount.

Programs with Multiple Levels: Certificates will be awarded, and discounts applied, at the completion of each level. Discounts will be applied only for the classes taken at each level when you complete that level.

Certificate Program	Completion period for discount
Information Architect	Core – 18 months Each add'l level – 12 months
PC Support	12 months
SAS Software	12 months per level
NATURAL MVS Applications	12 months per level
z/OS Enterprise Developer	Core – 18 months Each optional path – 12 months
DB2 for z/OS Enterprise Developer	18 months

TECHNICAL SUPPORT – One hour of free technical support is provided per event. Additional hours of support will be billed at the rate of \$75 per hour.

CANCELLATION POLICY – Room reservations must be cancelled no later than 2 working days prior to the event or a late charge will be billed equivalent to 25% of the room rental fee. The HHSDC will bill your department for technical support time and material and any other expenses incurred by the HHSDC Training Center at the request of the customer up to the time of the cancellation.

SPECIAL REQUIREMENTS – Requests for special requirements, such as extended hours, additional equipment, etc. must be submitted to the HHSDC Training Center at least 15 working days in advance, and are subject to approval by your Room Coordinator.

ROOM CONFIGURATIONS – All rooms must be used as is. Moving of furniture is not permitted without prior approval by your Room Coordinator.

Please see reverse for Room Rental Usage Policy

HHSDC Training Center ROOM RENTAL USAGE POLICY

1. Training Center hours are 7:30 AM – 4:30 PM. Please ensure that your event is completed by closing time.
2. All rooms must be used as is. Moving of furniture is not permitted without prior approval by your Room Coordinator. Most rooms are set up in classroom style. We encourage you to make an appointment with your Room Coordinator to view our rooms before reserving one, to ensure that they will meet your needs.
3. If additional furniture or equipment is needed, ask the Training Center staff for assistance. Do not remove furniture or equipment from other rooms.
4. Your Room Coordinator must be notified of any outside catering or other event support you are considering. Usage of any event support is subject to prior approval of your Room Coordinator. The HHSDC Training Center is not responsible for arranging or coordinating with any event support you provide.
5. Requests for special requirements, such as extended hours, additional equipment, etc. must be submitted to the HHSDC Training Center at least 15 working days in advance, and are subject to approval by your Room Coordinator.
6. Training Center technical staff must approve the use of outside equipment, software and/or hardware to determine technical feasibility. Please provide this information at least 15 working days prior to your event date. For safety reasons, no outside equipment other than a laptop is allowed in Conference Room 1.
7. Telephones are available in the lobby for free local or credit card long distance calls.
8. For incoming emergency calls, you may use (916) 739-7502 as a message number.
9. A fax machine is available in the West Wing Lobby for customer use. The fax number is (916) 739-7910. Training Center staff do not monitor this fax machine. If you expect a fax, be sure to check periodically.
10. One hour of free technical support is provided per event. Additional hours of support will be billed at the rate of \$75 per hour.
11. Room reservations must be cancelled no later than 2 working days prior to the event or a late charge will be billed equivalent to 25% of the room rental fee. The HHSDC will bill your department for technical support time and material, if any, and any other expenses incurred by the HHSDC Training Center at the request of the customer up to the time of the cancellation.
